

Reproduction Certificate

Live-Lastprognose-Challenge — organized by Prof. Dr. T. Bartz-Beielstein

The reviewing team **Das A Team** certifies that the forecasting software published by **Syntaxerror** was **downloaded** and **executed**, and that the results claimed by Syntaxerror on the challenge leaderboard (<https://bartzbeielstein.github.io/challenge-leaderboard/>) for the date below were **reproduced**.

Subject of the certification

Field	Value
Certified team (Team A)	Syntaxerror
Software ZIP (from the "Software" column in <i>About the Models</i>)	https://github.com/linus-thk/syntaxerror-prognose/archive/refs/heads/main.zip
Date of the claimed results (xx.yy.zz)	2026-07-01

Reproduced results

Confirm that the metric(s) published by Team A for that date were reproduced within an acceptable tolerance. Fill in what you measured:

Metric	Claimed by Team A	Reproduced by Team B
Mean MAE [MW]	1004.11	801,07
Mean RMSE [MW]	1228.25	924,22

Notes on environment / deviations (optional):

Reviewing team (Team B)

Field	Value
Team name	Das A Team
Reviewer GitHub handle(s)	@obecher, @Math1s0, @JannhTH, @MarkDT551, @Kradid655]
